

Hi!

On the way to BC (Banteay Meanchey orphanage) I was at PS (Pursat) orphanage for few hours visit the children and staffs, the student team from the USA, was perform music songs, play games and share story of David from the Bible, it was about one hour programs and team has fellowship with the children after that, the children are happy.

From the gate way, inside and behind the orphanage in PS is back fill and starting to build the new toilet and water tank, Pastor Seang Thart is telling me that this year the raining water will not over floor of the orphanage because he did fill up the dirt higher and children is happy to see the new toilet is building up.

I was talking with Rambo (he is currently in 12th grade) about his future college, he is exciting to come to collage in Phnom Penh city, he want to take IT (Information Technology).

Now I am at BC with Sor Sokhom (NHO ministry assistant) and Piseth (older youth from Phnom Penh) with the student team from the USA, the weather here is hotter but cooler at the night, this is the Sunday morning all the children and attending the Church service.

Last night we were celebrate Pav and Neangros' birthday (in BC) all the children singing the song to celebration happy birthday and have meal together with the student team from the USA and team has pray for blessing.
