

CAMBODIA NEED JESUS

HE IS OUR HELPER

We have a great task to fulfill, no less a task than the great commission to take the gospel to our nation and the nation of the world. We so need the Holy Spirit to help us to get the job done, and He will help us, He is actually called our helper. The Greek word translated "helper" is "parakletos", which means, one who comes alongside.

As many of you know the Roman army became one of the most powerful armies of all time and one of the keys to its invincibility was the "parakletos". The parakletos was the name given to a group of men who would walk alongside the soldiers as they marched off to battle. They would sing songs of victory, they would encourage the soldiers, they would remind them of their strengths and their enemies'

Weaknesses, and they would to inspire and strengthen them. The inspiration of the "parakletos" to the Roman army is a picture of how the Holy Spirit comes alongside as our personal "parakletos" to empower and encourage us.

Jesus ministered by the power of the Holy Spirit and we are to minister by the same power as we seek to take the gospel to the hard hearts and un-reached places of Cambodia. Can you imagine the church like the mighty Roman army, marching out with the Holy Spirit as our "parakletos"? With His help nothing is impossible, maybe we'll be like the early church and "turn the world upside down".
