

NHO Development

JANUARY 12, 2009

What is interesting for me to do here.

- Meet with new children who have just arrived at Home
- 6 of the children have arrived at home for one week
- Affix a label for the children home
- Cleaning up around the children home
- Planting the vegetable near the river

What is doing next

- 1- Drill the steels to make the label
- 2- Make the Kitchen table and chairs
- 3- Clean the drinking water
- 4- Children bunk beds
- 5- Buy the school uniform and school bags for new children
- 5- The personal needs of Children

Children in KC home are so exciting playing volley balls when free time from school.

Cheang Bunthat is very good in construction and painting the wall, he say that he is interesting on Construction job.
