New Hope for Orphans

Pastor Phouek Sinai

Cambodia has still the highest infection rate of disease, HIV/Aids and abandoned children every day and continues to be thrown to the streets.

In the midst of such dense darkness, the New Hope for Orphans was raised up to alleviate the sufferings of these innocent children. As our arms reach out to these destitute, we would continue to become an extension of your loving hands through your generous giving and prayers.

My words can't express the appreciation that I feel towards the blessing that you have bestowed upon the children here at New Hope for Orphans.

We serve the Highest Power whose name is to be exalted as Most High. We are fellow laborers working side by side in the field and the fruit of the labor is a blessing from God. Some plant the seeds, some nurture them, and some submit them for Harvest. God Bless You Richly and Bestow Upon You A Bountiful Harvest To Give Glory To His Name.

Again, I want to thank you so much for your prayers and your contributions to these orphaned children. Please continue to pray for the lost people of Cambodia and all of God's little ones, **Amen**
