

Church : Ban Thap Kong Church

District : Nong Saeng

Province : Udon Thani

Name : Pastor Noonie

A Brief History

This church is 19 years old and was also established by The Assemblies Of God Thailand Evangelism Team. Pastor Noonie was sent here 8 years ago to pastor because there was no pastor. Previously the pastor before Noonie use material gains to entice the villagers to come to church. After that pastor left due to certain reasons, the church was left without a pastor. Pastor Ali from Udon Thani church then sent Pastor Noonie to this church. When the villagers saw the new pastor, they thought that they can continue to have some material gains if they go to church. They learned that this new pastor would not use material gains to entice the villagers to church so the church dwindled to a handful of faithful believers. Through this 8 years, pastor Noonie began to build the church again and now there are about 50 people. The building is eaten by termites and need repairs. This church has a vision to be the Centre for Evangelism in Nong Saeng District which is the home of 180000 people. They also hope to do a nursery so that they can be self-supporting. Currently there are 7 leaders and they need both training in ministry and bible education.
