

Church : Kok Sawang Church

Province : Nong Khai

District : Phon Chaoren

Name : Pastor Sung

A Brief History

This church is about 25 years old and was established by The Assemblies Of God Thailand Evangelism Team led by missionary Ron Mcduct back then. It has since seen the departure of 3 pastors. One fell into sin and the other 2 was bought over by the Koreans. At the height of her ministry, there was over 150 people who attended the church. Now there are only about 10 members from back then. They are now at least 40 years old. This current pastor became the caretaker of this church when she was left without a pastor for a number of years and thus became the pastor by default to these faithful Christians. He has no formal bible training. He is now 79 years old and his wife is 77 years old. He hopes to see the surrounding villages come to the Lord but he told us that he is getting old and lacks the energy to do so. He hopes that we are able to train his son for this work. They have no musicians. The building needs repair.
