

Church : Phon Chaoren Church

District : Phon Chaoren

Province : Nong Khai

Name : Pastor Jahn Papatay

A Brief History

This church is 19 years old and was also established by The Assemblies Of God Thailand Evangelism Team. It currently has about 20 people. This church was also without a pastor for a no. of years until this pastor who was from Kok Sawang Church came about 7 years ago. This church has a vision for the young people. To disciple the youth to become leaders. However, he told us that one of the main needs is for training. They are not able to support workers to go for training or bible school so he has had to train them himself. However he too has no formal bible education. Because of the locality of this church, this church seldom has trainers to come and they have no finance to send workers out. They have no musicians. The building needs repair.
